## WILSON NAMES CHARLES R. CRANE MINISTER TO CHINA

Was Recalled by Taft  
in 1909 for "Talking  
too Much"

### HISTORY OF CASE GIVEN

(By The Associated Press)  
WASHINGTON, Feb. 24.—Charles R. Crane, of Chicago, business man, millionaire and world traveler, who was appointed minister to China by President Taft in 1909 and recalled while on the way to Peking for "talking too much" has been selected by President Wilson for the same post to succeed Dr. Paul Reinsch.

Mr. Crane's selection by the president, re-opens a chapter of diplomatic history which although forgotten by many was one of the most lively incidents in American foreign relations. It was quite generally stated and believed by many in touch with foreign affairs that Mr. Crane's recall in 1909 was at the instance of the Japanese government which was reported not only to have regarded his appointment as offensive but objected also to a man whom Mr. Crane was taking as a private secretary and adviser and who was quite well known for his writings construed as anti-Japanese.

None of the real inside story of Mr. Crane's recall appears on such diplomatic documents as were permitted to become public and as the records stand, President Taft changed his mind about Mr. Crane's fitness for the post after agreeing with Secretary Knox that Mr. Crane had "talked too much" and been "indiscreet." In some of the speeches he made while on the way to San Francisco to sail for China, Mr. Crane came again into public notice when President Wilson offered him the post of ambassador to Russia which he declined. Later Mr. Crane was a member of the mission headed by former Secretary Root which went to Russia and he has generally been regarded in government circles as one of the few men who were close to the president.

Of course the Chinese government has accepted Mr. Crane as being persona grata as it had in 1909, otherwise, according to diplomatic procedure he would have been selected again.

Whether the Japanese government knew of President Wilson's intentions to select Mr. Crane to China can only be a conjecture for while it is not customary for one government to consult a third government on its selection of diplomats to be accredited to another power, some official talk in Washington led that in the view of the previous incident and the general aspects of the situation in the far east President Wilson probably would not have selected him without feeling that his appointment would cause no disagreeable incident between the United States and Japan.

Mr. Crane was appointed minister to China by President Taft in September 1909 and in Chicago while on his way to San Francisco quoted Mr. Taft as having told him of America's interest in China's welfare and having added that whenever Mr. Crane made a speech he ought to speak it out red hot. That utterance seemed to attract no particular attention and later Mr. Crane attended another speech at which Wu Ting Fang, Chinese minister to the United States emphasized the friendly interest the United States had in China.

The storm did not break however, until a month later when in San Francisco Mr. Crane got a brief telegram from Secretary Knox on the eve of embarking, ordering him back to Washington. The reason for the sudden change was not made public at the time, Mr. Crane professing ignorance of it, but diplomats in Washington began talking about his speeches and it began to leak out that some one was offended. It finally developed that a story appearing in a western newspaper accredited to Mr. Crane and representing him as attacking the Manchurian agreements between China and Japan were the real cause of his recall. The story also appeared in the Japanese press and caused a considerable reaction in Japan over the supposed views of the new minister from the United States to China.

**REVEAL INCOME TAX FRAUDS**  
Chicago, Feb. 24.—Starting income tax frauds, said to involve several hundred thousand dollars, were reported to have been discovered here today with the announcement that special tax investigators from Washington to check up on the alleged irregularities. Boston, Feb. 24.—Percy Trump of Pittsburgh, defeated Francis S. Appleby of New York today on the rug of the National A. 18-2 billiard tournament at the Boston Athletic association. The score was 300 to 258.

The match went 65 innings.

## HOUSE STARTS PROBE INTO THE ACTIVITIES OF CHICAGO PACKERS

Hear Recommendations of  
Trade Commission for Reg-  
ulation of Industry

(By The Associated Press)  
WASHINGTON, Feb. 24.—Opening another congressional inquiry into the packing industry and the activities of the "big five" Chicago packers, the house agriculture committee today heard Federal Trade Commissioner W. B. Colver and Representative Anderson, Republicans, Minnesota, authors of a bill carrying out recommendations of the trade commission for regulation of the industry.

Some of the committee decried at the proposal to hold the hearings, Representative Rainey, Democrat, Illinois, pointing out that five successive congressional inquiries had been held since 1916, while other members suggested that the exceeding expense records of previous inquiries which cost the government \$2,000 a volume, should be considered sufficient basis for action. The vote, however, was ten to three in favor of holding hearings.

Representative Anderson, arguing for the bill said present conditions necessitated divorcing the packers from ownership of refrigerators and stock yards, confining their business to the handling of meat products and establishing a federal committee to regulate them otherwise.

Mr. Colver disclaimed any feeling against the "big five" as an outgrowth of the bitter controversy which has been waged since the trade commission's report on the industry and touched on the recent agreement between Attorney General Palmer and the packers with the remark that "if it is an argument for legislative regulation."

Representative Haugen of Iowa, chairman of the agriculture committee criticized the argument, saying:

"That decree admits all the evil practices which they have been in the habit of doing for 12 years, but it does not give them two years more to continue all of them, but after that time they are to confine their robberies to the farmers who produce butter, eggs, cheese and poultry, doesn't it?"

Commissioner Colver smiled without direct answer. Remarking that he was not disposed to "mention minor scandals," Commissioner Colver said that the commission had found that the Armour, Swift, Cudahy, Wilson, and Morris concerns had "an agreement with respect to the purchase of their raw material and livestock, in all the principal markets."

This agreement he added, "had all the effect of a restraint of trade," independent packing concerns in the United States, he said were dying off at the rate of one every three months, and when specifically asked, he said this was the result of the "packer practice."

Federal regulation "that is federal contact, like national bank supervision" he added would meet the situation.

## CHICAGO MOVIE HOUSES MAY CLOSE

Chicago, Feb. 24.—Owners of moving picture theaters in Chicago today announced they would close their houses February 29 unless the Moving Picture Operators' Union dismissed its business agent and modified its demands "to the theaters to employ men who are not needed just so that some unemployed men in your organization may be protected." The announcement was made to operators advising them their services would not be required after Sunday.

Tom Malloy, business agent of the operators' union declared film exchanges which sided with the theater owners would be "boycotted in every picture theater in the United States and Canada."

Film exchanges announced they would cease delivery of films after February 29.

The question at issue is the number of machine operators each theater should employ.

Malloy was a business partner of "Mossy" Enright, noted Chicago labor feudist and gunman, who recently was shot and killed.

## \$500,000 TO PAINT 300 PORTRAITS REFUSED

London, Feb. 24.—Sir William Orpen, the distinguished artist has refused an offer of £1,000,000 for painting 300 portraits which is said to have been made him by an American.

"It is quite true the offer of £1,000,000 to paint portraits came to me from America," Sir William said in confirming the report, according to the Daily Mirror. "To complete such a contract however, would take far more than the ordinary life time—it might take as long as 300 years."

Sir William will go to America this fall on business.

## ANNOUNCE RELEASE OF SEVERAL PLAYERS

New York, Feb. 24.—The New York Americans tonight announced the release of Third Baseman J. Carlisle Smith to the Washington American League Club; Outfielder Albert Wickland to the Toledo Club of the American Association; and Outfielder George Halas to the St. Paul Club also of the American Association.

## LODGE TO HASTEN FINAL DECISION ON PEACE TREATY

Republicans Determined to Bring Pact  
to Showdown

### EXPECT VOTE IN TEN DAYS

(By The Associated Press)  
WASHINGTON, Feb. 24.—Plans to hasten a final decision on the peace treaty were made by senate Republicans today while the administration leaders were taking counsel among their divided colleagues as to what should be the final Democratic stand on ratification.

The Republican determination to bring the question to a conclusion was announced on the senate floor by the party leader, Senator Lodge, who said that while today and tomorrow had been allotted for consideration of pressing legislation he would call up the treaty again Thursday and would ask that it remain the business of the senate until disposed of.

Meantime Democratic Leader Hitchcock vetoed for the present the proposal for a party caucus, sponsored by Democratic senators who want to end the long consideration of pressing legislation by the senate.

In some quarters it was predicted that under the program outlined by Senator Lodge the treaty could be brought to a ratification vote within a week or ten days. The irreconcilable opponents of ratification are expected, however, to insist that there be no hasty action and no one could predict with certainty how much time they might consume in debate.

Republican claims as to the number of Democrats ready to accept the Republican reservations still stood at 22 today with no more needed to insure ratification. The administration leaders, however, continued to insist that the figure was exaggerated.

## NEWBERRY TRIAL MOVES ALONG SLOWLY

(By The Associated Press)  
GRAND RAPIDS, Mich., Feb. 24.—Testimony to the effect that the Newberry senatorial committee paid part of the bills for personal service rendered by a clipping bureau to Truman H. Newberry and Frederick Cody in New York came out at the Newberry election conspiracy trial today.

Thru George D. Romeike the government introduced letters and records showing that the bureau had accounts with the senatorial candidate and Cody in New York and with the Detroit headquarters of the campaign thru Thomas P. Phillips of the publicity bureau.

On cross-examination the defense showed that the report filed by the committee with the state September 6, 1918, credited the bureau with \$54.76. The New York concerns' books indicated receipt of \$32.84 up to that time. Later it developed that the difference of \$21.92 was exactly balanced by payments made July 15 on the other accounts, \$11.68 being credited to the account of Truman H. Newberry and \$10.24 to the Cody account.

The letters showed that the Newberry and Cody accounts were instituted on orders from the Detroit office of the Newberry estate and both were discontinued on letters sent by Commander Newberry from the office of the third naval district at 280 Broadway.

## STATE CLOSES IN CLUGSTON TRIAL

Macomb, Ill., Feb. 24.—Evidence in support of the theory that Lawrence Clugston took his own life because of despondency over a chronic illness was introduced today by attorneys for Mrs. Alice Clugston and Dr. George Alverson on trial here charged with having murdered the women's husband.

The state closed its case early this afternoon. Stephen Bagley, father of Mrs. Clugston, was the first witness called by the defense. A postal card sent by Mrs. Clugston to her mother the day before her husband's death, told of Clugston's illness was introduced to refute the state's contention that none of the man's relatives were told of his illness.

## PENAL INSTITUTION OFFICERS MEET

Kankakee, Ill., Feb. 24.—Executive officers of state penal institutions met at the Kankakee State Hospital today to discuss the establishment of a central satellite bureau at Springfield.

Dr. Pollock, state superintendent of New York, described the system in New York, pointing out its advantages. The central office at Springfield would be used for the preservation of data of state institutions.

Representatives were present from Anna, Jacksonville, Watertown, Panning, Elgin, Lincoln, Alton, Dixon, Peoria and Chesham, Ill.

## ILLINOIS SENATORS WILL ADDRESS BASIC BODY

SPRINGFIELD, Ill., Feb. 24.—Senators Lawrence Y. Sherman and Alledil McCormick arrived in Springfield today and will address the Illinois constitutional convention when it reconvenes tomorrow.

Republican politicians from all parts of the state made the visit of the Illinois senators the occasion for a pilgrimage to the capital city.

Much interest centered in the visit of Senator Sherman as it was thought he might make some expression as to his attitude toward entering the senatorial race next November. He declined to comment, however, on whether or not he would be a candidate for re-election.

The informal announcement of Edward D. Shurtleff, Chicago, former speaker of the Illinois house of representatives that he would be a candidate to succeed Senator Sherman brought the number of Republicans who would wear the senators toga up to three. Congressman William McKinley of Champaign and former Congressman R. M. Chipmunk of Canton have previously announced their candidacies.

Among other political developments of the day was the filing of the petition of Governor Frank O. Lowden, as a candidate for the Republican nomination at the presidential preference primary to be held April 13. The petition, filed in the secretary of state's office contained 5,000 names of voters from every county in the state.

The petition of Major General Leonard Wood is expected soon as last day for filing is March 4.

The Illinois senators will address the constitutional convention tomorrow after a business session at which a number of proposals are expected.

Proposals cannot be introduced after March 1st, without the consent of the convention.

## STATE DEPARTMENT FINALLY DISPATCHES THE ADRIATIC REPLY

Officials Still Decline to Discuss Contents of Communication

(By The Associated Press)  
WASHINGTON, Feb. 24.—President Wilson's reply to the entente premiers on the Adriatic question was dispatched tonight by the state department. It is expected to be in the hands of Ambassador Davis at London tomorrow and will be delivered as soon as it has been decoded.

Officials still declined to discuss the contents of the communication, but it is known that in his exchanges with the premiers the president has made an unequivocal statement of the American government's position, especially with regard to forming agreements without the participation of this country.

It is understood that in his latest note the president does not return precisely to the arguments and decision announced in the note of December 9 which formed the basis of the Adriatic agreement to which the United States subscribed, as important events in Europe since that time are said to have necessitated some modifications.

The president however, is said to have refused to agree to the terms of the settlement arrived at by the premiers and sent to Jugoslavians as an ultimatum.

Acting Secretary Polk is endeavoring to arrange for the simultaneous publication of the correspondence on both sides of the Atlantic and it is regarded now as probable that the notes will be made public in Washington soon after the president's reply is delivered at London and Paris.

## FEDERAL TROOPS WILL BE SENT TO MONTESANO

MONTESANO, Wash., Feb. 24.—A request that federal troops be sent to Montesano to remain during the remainder of the trial of alleged I. W. W. accused of the Centralia armistice day killings, will be made immediately by Governor Hart, prosecuting Attorney Herlan Allen announced late today.

Mr. Allen said he had telephoned the governor urging that the troops be sent to Montesano to make sure that the government's request immediately. Mr. Allen said the step was purely a precautionary one.

His recommendation, Mr. Allen said, was the result of what he termed an increasing drift of radicals to Montesano, now the local point of I. W. W. interest, coupled with alleged vague rumors and threats which have reached the ears of counsel for the state.

Mr. Allen said his action is dictated by the desire of the state to preserve the peace and to insure a fair trial, protecting the interests of both the prosecution and the defense. Since the trial required under the new law and supplemental elections will be necessary April 6.

The \$200,000,000 south park lake issue for the improvement of Lake front on the south side was carried by a vote of 5 to 2.

A total of 259,243 votes were cast, 191,925 by men and 67,603 by women.

## CHICAGO VOTERS FAVOR BOSS ISSUE

CHICAGO, Feb. 24.—Twenty six aldermen were elected today in Chicago's first non-partisan election. In nine wards no candidate received a majority vote, which required under the new law and supplemental elections will be necessary April 6.

The \$200,000,000 south park lake issue for the improvement of Lake front on the south side was carried by a vote of 5 to 2.

A total of 259,243 votes were cast, 191,925 by men and 67,603 by women.

## BRITISH SCHOONER SINKS

Boston, Feb. 24.—The sinking of the British schooner Gwen-dolen Warren and the rescue of the crew was reported in a wireless message from the British steamer Pike Pool today. The Pike Pool has the members of the crew on board and will take them to Hamilton Roads.

The Gwen-dolen Warren was bound from St. Johns, N. F., for a Brazilian port.

## FIRE BREAKS OUT IN SHIP YARDS

NEW YORK, Feb. 24.—Fire broke out tonight in the shipyards on the East River, where the Shamrock IV, Sir Thomas Ligon's challenger for the America cup and the Vanitie, one of the American trial yachts, are being overhauled. The fire is raging 500 feet from the yachts which cannot be moved on account of heavy ice. A heavy snowstorm is hampering the work of the firemen.

At 1:30 a. m. (Wednesday) the firemen report that all yachts were probably saved unless there was an unexpected shift in the wind.

## COMEDY STAR MARRIES

Springfield, Ill., Feb. 24.—Nora Bayes, musical comedy star whose off stage name is Leonora Goldberg, was married here today to Arthur Gordon of Philadelphia, leading man in the company in which Miss Bayes is playing. Miss Bayes was formerly the wife of Jack Norworth.

## PLAN SEPARATE LEGISLATION FOR MILITARY TRAINING

Agreement Reached  
Between G. O. P.  
Leaders and Kahn

### WILL COME UP IN DECEMBER

(By The Associated Press)  
WASHINGTON, Feb. 24.—Universal military training will be omitted from the house army re-organization bill, the subject of separate legislation at the next session of congress beginning in December. This was agreed upon tonight by Republican leaders and Chairman Kahn of the house military committee after two days of informal conferences. The agreement is looked upon as eliminating any possibility of Republican action on the bill which might be interpreted as a stand on universal training in the coming framing of the platform at the national convention in June.

Under the agreement, Chairman Kahn will appoint a special sub-committee friendly to universal training to draft the training bill. The measure, however, will not be presented until after a thorough investigation of the cost, economic and industrial effects of calling youths away from productive activities, and kindred questions.

After such inquiry, the agreement provides that the bill as separate legislation will be assured prompt house consideration and not be subject to slow death by remaining on the calendar.

"Universal military training will not be and has not been sidetracked," declared Mr. Kahn tonight. "Under the agreement with the house leaders and in view of the attitude of house members I think that the separate legislation is the only practical thing to do."

The recent declaration of the Democratic caucus opposing the universal training and the open opposition of many Republicans, particularly those of the middle western agriculture districts had made passage of the training legislation extremely unlikely prior to reaching of an agreement tonight.

The military committee tonight completed work on the army re-organization bill by deciding to give relative rank to army nurses. Grades for nurses would range from second lieutenant to major, but they would receive less pay than army officers of corresponding ranks.

## WILSON SENDS MESSAGE OF FELICITATION

(By The Associated Press)  
Washington, Feb. 24.—President Wilson has sent the following message of felicitation to Paul Deschanel the new president of France:

"On this occasion of the assumption of the duties of your high office as president of the French republic, I extend to Your Excellency my cordial felicitations. Victorious in the greatest struggle known to the world, France faces a great and glorious future and you, Mr. President as the chief executive of the people whose high ambition is the maintenance of right and justice, will be a potent factor in the attainment of these happy results. I wish for you an administration of great prosperity and health and happiness for yourself."

Woodrow Wilson.

## MEXICAN BANDITS RELEASE AMERICAN

WASHINGTON, Feb. 24.—Release of Joseph E. Askew, an American citizen held by bandits in Mexico was reported to the state department today by the Tlahualilo Company of New York, which employed him. The information was based on a letter from Joseph Askew saying he was on his way back to Lerdo where he was taken prisoner in a recent raid by Villa and his troops.

Officials of the state department expressed belief that if the news was true, arrangements had been made for payment of \$20,000 ransom demanded by Villa from Alvarado Mining Company claiming it to be due him for conveying a large shipment of bullion to the border.

## SHURTLEFF ANNOUNCES HIS CANDIDACY

Rockford, Ill., Feb. 24.—Edward D. Shurtleff of Marengo, three times speaker of the lower house of the general assembly at Springfield, made an informal announcement of his candidacy for the republican nomination for U. S. senator, subject to the September primary. Mr. Shurtleff made the announcement in a letter which he sent to Republican newspapers and other friends throughout the state.

## GIVEN FREE TICKETS TO SHOW; RESIDENCE ROBBED

New York, Feb. 24.—Mr. and Mrs. Philip Hunters of West New York, N. J., went to a theater last night and while the performance wondered who had sent them the tickets marked "complimentary." When they returned home they discovered that the silverware, Mrs. Hunters' jewelry and other valuables were missing. They also found a note which read "Now you know who sent the tickets."

## TRY TO COMPEL RECOGNITION OF SOVIET RUSSIA

## DENY WARRANTS FOR ARREST OF IRON COUNTY OFFICIALS

Major Dalrymple will Arrive  
in Michigan City Today  
With His Agents

(By The Associated Press)  
BULLETIN.  
IRON RIVER, Mich., Feb. 24.—Major A. V. Dalrymple, prohibition enforcement officer and his assistants arrived from Chicago tonight to clear up alleged violations of the prohibition law but took no action. There was no excitement, local officers met meeting the federal officers who went to a hotel while a crowd of curious citizens looked on quietly.

## CHAMPION, MICH., FEB. 24.—

Denied warrants for the arrest of officials of Iron county, Michigan, whom he charges with conspiracy to obstruct the prohibition law, Major A. V. Dalrymple with a force of thirty-five men passed thru Champion tonight enroute to Iron River with the avowed intention of making arrests without warrants.

At Negaunee, Michigan, Lieutenant A. A. Downing, commanding the Michigan state constabulary in the upper peninsula with a half troop of his men joined Major Dalrymple and his party of sixteen federal officers.

Lieutenant Downing presented a telegram from his commander Colonel Vandercok at Lansing, instructing him to furnish all possible cooperation to Major Dalrymple.

Major Dalrymple announced tonight that all prisoners taken in the raid would be taken to Grand Rapids, where they would be arraigned before Judge Sessions.

The men whose arrests he seeks are:

Martin McDonough, states attorney of Iron county, five deputy sheriffs, the chief and captain of police force of Iron River village, and three citizens.

Neither Major Dalrymple nor Lieutenant Downing anticipate any resistance at Iron River. The state troops left their rifles in barracks, like the federal agents, carry only side arms.

## NEW METHOD FOR DIAGNOSING TYPHOID

(By The Associated Press)  
CHICAGO, Feb. 24.—What was described as a new method of diagnosing typhoid fever, which could be performed, it was asserted in ten minutes at the bedside was announced today at the meeting of the American Congress of Internal Medicine. The test was discovered by Prof. E. C. Bass of Tulane University, New Orleans, who will give a practical demonstration of the method.

"The present method of determining typhoid fever," said Dr. Frank Smithies, secretary general of the congress, "usually takes twelve to twenty-four hours. A bacterial culture is made and a laboratory examination is required. Dr. Bass performs a blood test at the bedside which can be done in ten minutes. Such a rapid method would not only permit earlier treatment, but would materially lessen the spread of the disease."

To American heart is likely to benefit greatly by prohibition in the opinion of Dr. Glenworth R. Butler, senior physician of the Brooklyn hospital who is professor of the congress. Tobacco, Dr. Butler said, is not nearly so dangerous as alcohol.

## VETO OF RAILROAD BILL IS URGED BY UNION WORKERS

Memorial Signed by  
2,000,000 Men Sent  
to President

### ASSAIL LABOR PROVISIONS

(By The Associated Press)  
WASHINGTON, Feb. 24.—Railroad labor decided tonight to ask President Wilson to veto the railroad re-organization bill, in a memorial to be submitted tomorrow. Representatives of the 2,000,000 union workers will request the president to withhold his signature from the measure until they can present a brief of their reasons why it should not have executive approval. Announcement of the decision was made by B. M. Jewell, acting president of the railway employees department, American Federation of Labor, who, with E. J. Manion, president of the Order of Railroad Telegraphers, and Timothy Shea, acting president of the Brotherhood of Locomotive Firemen and Enginemen will draft the communication. Knowledge of the president's intention to have Attorney General Palmer pass on the validity of the re-organization measure did not deter the union leaders from their determined course of action. Their claims of inequity against the legislation were explained to be aside from any question of the validity of the bill.

The next step in the union program if the bill is approved is to test the constitutionality of the law. Various methods of bringing this about were suggested but all will be held in abeyance pending the president's action.

Decision of the union officials to present their views to Mr. Wilson was reached suddenly. There has been insistent clamoring for such action by many local committees, called here to discuss the president's wage settlement proposal. The course was not decided upon however, it was said until it appeared no other plan would be generally accepted by the rank and file.

Admittedly will be the most bitterly resented but the plan also contemplates attack on the financial sections, which labor holds to be "unfair to the taxpayers and a burden on the government." The dividend provision of the law also will come in for condemnation.

There remains for consideration however, the question as to whether the unions will join in the selection of a commission of experts to begin the gathering of data on wages and working conditions for submission to the tribunal created by the railroad bill.

Inter-union controversies also were rumored today about union meeting places. Several individual groups which had entered the agreement of all fifteen organizations to stand together in the wage fight were described as "getting nervous" about their obligations under this arrangement, but developments tonight indicated these differences would be patched up and the solidarity of railroad labor maintained.

Senator Wadsworth of New York advises moderation in the enforcement of the prohibition law. This probably means non-enforcement and no doubt the senator is seeking to make up for the friendships lost by his unalterable attitude in opposition to equal suffrage. He has taken two very dangerous stands.

A large number of Chicagoans have suddenly had new ideas with reference to their income taxes since a man there was fined \$15,000 for a false return. The revenue officers are kept busy now keeping a record of the revised returns and the treasury is being enriched by a steady stream of thousands.

A Springfield colored man who died the other day left an estate

worth \$50,000 or \$60,000. He was once a slave but had acquired this considerable fortune by industry and economy. Money isn't the only thing in this world, but it is worth while to think of the opportunity that this country has offered, even to people who begin life in absolute penury.

**A FAIR TAX PROPOSAL**  
The vehicle tax, which is proposed by the city council has much of justice in it. It is provided that each owner of a vehicle shall pay special taxes and that the money which accrues in this fund shall be used for street repair work. It is vehicles that wear on the streets and after pavements have been laid and paid for by persons owning property contiguous, it seems only fair that the persons who use those pavements continually should be called upon to provide the maintenance fund.

The vehicle tax is just and that is one of the reasons that so many cities are now availing themselves of this opportunity for needed revenue.

Collectors of revenue and the cartoonists both tell us that if you sight a man with a broad smile on his countenance you may know that he has figured out his income tax return and so is in no danger of being fined. There is a lot of truth in these statements too, for figuring the income tax isn't a joke, even for a man of modest means who happens to have business transactions of varying kinds.

But there is no use whimpering about it, for Uncle Sam is insistent and the reports must be made.

Chicago citizens were called upon yesterday to take part in a non-partisan election. It doesn't seem possible for such an event to be staged in Chicago, where politics is one of the chief lines of business. Nevertheless, the questions mainly relating to big public improvements, were of a kind on which there could be no very great difference of opinion, except as to willingness to pay the costs thru taxes or bonds.

**HAS PREVENTED LOSSES**  
The fire siren is heard in Jacksonville this season frequently as often as four or five times within 24 hours. Sometimes these fire alarms are sounded in quick succession and one cannot but wonder what would have happened had motorized fire equipment not been purchased to replace the horse drawn vehicles. There was some protest at the time the equipment was purchased but certainly it has meant a big saving to Jacksonville, and the motor fire trucks because of their quick arrival have no doubt averted many a serious conflagration.

**AUGURS WELL FOR PARTY SUCCESS**  
The harmony which prevailed at the Republican congressional conference held in Jacksonville yesterday was indicative of the party spirit of the present day. Go into any Republican gathering nowadays, large or small, and you will find that same harmonious, optimistic atmosphere. Conditions and events in Washington during the past months have been of such a kind as to foster the belief that the people are quite ready to turn over the management of national affairs to the G. O. P.

Charles Hadden of Jov Prairie, called in the city yesterday.

### Rippling Rhymes By Walt Mason

**Little Things.**  
Little dimes and nickels salted down today, make the safest pickles man can put away. Little spells of sickness jar a mortal's soul, if there is no thickness to his greenback roll. Little does and nurses throng around his bed; little wobbly hearses get him when he's dead; then his sad survivors wring their hands and whine, if he had no stivers put away in brine. Little tinhorn bosses fire him from his job, then the total losses welcome him and sob. Little cheap reverses swat him many times, then he rants and curses if he lacks the dimes. Now a little sheriff chases him with writs, and such chaps don't care if he throws forty fits. Little pewter roubles, little iron men, drive away your troubles, bring you peace again. Note the little spender, see him run amuck, wasting legal tender, blowing in the buck! He keeps going stronger, with his trail of smoke; wait a little longer, and you'll see him broke.

THREE DAYS PROGRAM

D. O. K. K. Ceremonial Session  
Held Tuesday Night—Thirteen Men Took the Work

The Knights of Pythias and the Knights of Khorassan closed the events of a three-day homecoming with a D. O. K. K. ceremonial Tuesday night. There were thirteen candidates and the work was exemplified in a way that gave further proof of the ability of the drill team.

Dinner was served at 6 o'clock under direction of Glenn Cannon and Charles Ratchak and nearly 200 were at the tables. Then came the initiatory ceremonies which the candidates and all the knights found mighty interesting. There were visitors present from Chicago, Springfield, Roodhouse, White Hall and a number of other cities. Altogether the events of the homecoming made it notable in the annals of Pythianism.

The candidates who took the work last night were as follows: Geo. Wheeler, Chas. Strawn, Vernon Rexsott, Paul Wilkinson, Chas. M. Read, Fount Andrews, Jr., Homer Paschall, L. P. Hanck, Robinson E. Strawn, Francis D. Phillips, Ralph Von Fossen, Raymond Eyre, A. F. Dowdall.

#### RAILROAD NEWS NOTES

The Bloomington Pantagraph gives the following railroad news notes:

Another important move in the reorganization of the Chicago & Alton, necessary by the return to private ownership, was announced yesterday by Superintendent R. J. Henderson, Trainmaster R. J. McDonald, late of the northern division appointed general safety agent to succeed D. C. Fredericks, formerly of the Chicago, Peoria & St. Louis, and who returned to that line February 1, when the two roads were separated. Prior to government ownership this position was not in effect upon the Alton but its importance has been demonstrated to the satisfaction of the management and it will be retained under private ownership.

**Change in Dispatchers.**  
Effective at midnight, Sunday, February 29, the trains of the Peoria line will be handled by dispatchers at Roodhouse instead of by the C. & P. & St. L. dispatchers. Under the new arrangement one set of dispatchers, J. R. Stephenson, F. E. Pfeiffer and W. A. Lewis will handle the line Bloomington to Roodhouse, the Peoria line, Alton line, and Eldred line, while a second set, A. C. Poole, T. H. Peters and J. E. Symons, will handle the line Godfrey to Booth. W. G. Hunt will continue as chief dispatcher and G. A. Green as relief dispatcher.

## OLD JACKSONVILLE

A PRESBYTERIAN PIONEER  
By Ensley Moore  
(Member Illinois State Historical Society)

Among the valued citizens of Jacksonville, for many years, was The Rev. George C. Wood. Mr. Wood was born in New York City, May 20, 1805. He attended school in his youth at Blooming Grove and Newburgh, N. Y., and was graduated from Williams College in 1827, and Auburn Seminary (New York) in 1830. He was licensed by Mendon Association, Livingston county, New York, Jan. 26, 1830, ordained by the same body, June 1, 1830, and became a most devoted minister.

**Comes West.**  
Mr. Wood "started from Auburn for Missouri, accompanied by Rev. B. F. Hoxsey, and others, and after a tedious journey of six weeks, by land and water, in wagons and stages, in steamboats and flatboats, and not very unfrequently on foot, he and his company arrived safely at St. Louis, Oct. 20, 1830."

His first field of labor was at St. Charles, Mo. During the two years of his connection with the church there it was blessed with two precious revivals and from a small beginning became a strong body.

He was next a teacher in Marion College, St. Charles, for a short time, but left it. He labored as a minister in Missouri for eight years, holding protracted meetings and organizing churches, preaching also steady to churches where he was located. At one of these churches, Mr. Wood, in 1869, was present at a re-union of five church descendants.

Mr. Wood resided at Manchester, Ill., seven years, and next preached at Winchester and White Hall. In 1842, forty five persons were admitted to the church on profession of faith. He was afterwards at Jerseyville and Greenville. He was a member of the Synod of Illinois at its first meeting at Hillsboro, in Sept. 1831, being then a member of the Presbytery of Missouri.

**Goes to Michigan.**  
Mr. Wood joined the Presbytery of Alton, April 3, 1846, but labored at Homen, Mich., for two or three years, returning to Greenville, Ill., and being installed pastor of the church there July 23, 1853. He left that place,

Sept. 26, 1857, and, thereafter, made his home in Jacksonville, Mrs. Wood and George being charter members of Westminster church. Here he was a Presbyterian Missionary, and was stated clerk of the Illinois Presbytery, and then of the Central Synod. For five years before his death he was afflicted with paralysis. He died Jan. 6, 1879. He was a man of fine presence.

The Journal then said of Mr. Wood "No other Presbyterian minister has done so much in laying the foundations, organizing churches and caring for feeble organizations as he."

**Family.**  
Mr. Wood married Francis Emiline, daughter of Gordon Buckley, Aug. 3, 1830, at Williams College, Mass. Henry Hoxsey Wood, son of Mrs. Wood's sister, Mrs. Hoxsey, lost his mother when he was seven months of age. He was adopted as their son, on the death of his mother, and at her request, by Mr. and Mrs. Wood. He last lived in Jacksonville.

A son, George Gridley Wood, was born to the Rev. and Mrs. Wood, Jan. 14, 1842, who was graduated from Illinois College in the class of 1862, entered the Army of the Union that same year, and died at Memphis, Tenn., aged twenty one, lacking one month. He was a noble patriotic, Christian young man. He was also a youth of much pleasantness of manner as well as of attractive face.

Rosa Frances Wood, the only daughter, married Mr. William H. Govert, one of the ablest and most successful attorneys of Quincy, Ill. They have had one son, George W. Govert, a lawyer of Quincy; and one daughter, George was graduated from Illinois College in 1895 as his father had been in 1867.

Mrs. Wood was born July 31, 1810, and united with the Congregational church at Williams-town, Mass., under the care of the Rev. Ralph W. Gridley, in 1825. Her Bible verse was Prov. 31:31: "Give her of the fruit of her hands; and let her works praise her in the gates."

Mr. Gridley was afterwards pastor of the First Presbyterian church of Jacksonville.

Meetings in Progress at M. E. Church Arousing Much Interest—George Colwell Ships Lambs to Chicago—Other Alexander News.

Alexander, Feb. 24.—The revival series in progress at the M. E. church here is growing in interest. The attendance each night is very good and the pastor, Rev. E. L. Cheveront, is delivering some strong sermons. The meetings will continue thru this week and possibly next.

George H. Colwell shipped three carloads of lambs to the Chicago market Tuesday. Mr. Colwell accompanied the shipment and will probably remain in the big city for a day or two.

Miss Anna Hultman was a recent visitor at the home of friends in Springfield.

Miss Flora Hall of Springfield spent Sunday at the home of her parents here.

Robert Kaiser, son of Mr. and Mrs. F. J. Kaiser, spent Tuesday in Berlin with his cousin, Robert Sullivan. The latter was celebrating his fifth birthday anniversary in an appropriate manner.

Health is one of the priceless blessings a bounteous Nature has bestowed on us. Without it life is a torment of sorrow, pain and worry; inefficiency, failure and poverty are the result and life becomes a mockery.

"How can I get well?"—"How can I keep well?" The questions are universal. Rich and poor alike have often voiced them. Therefore, this series of talks, of which this is one, will be read with interest by every one, the well and the sick. It will tell of the science of Chiropractic, which has pointed the way to health to thousands, many of whom had sought in vain for relief through medicine and surgery.

Chiropractic (Ki-Ro-Prak-Tic) is drugless. By a method of scientifically correct adjustments by hand, the cause of disease is removed and Nature is enabled to restore diseased conditions to normal and health results.

Mary Boyne, who made shirts at four dollars a week, had no place for love in her life—only despair and hate for the son of the man who had plunged her family into deepest distress. Dan Kinsolving was the son of the man who ruined Mary's family. He loved Mary and gloried in her hatred of him. He set about solving the problem of turning her hate into love. He let X represent the UNKNOWN QUANTITY in life's greatest problem and won.

### DOES MOTIVE POWER FARMING PAY?

"I should say it does."  
The following is a conversation between two farmers' wives, one the wife of one of the most up-to-date farmers in the country, the other the wife of one of the used-to-be farmers. It seems that Mrs. A. went over to see Mrs. B., and on arriving at the door, exclaimed, "Good mornin' Mrs. B., and how be ye all?" "Very well, I thank you, and how is everybody at your house?" "Ah, purty well, I reckon, all but George; you know George he's all crippled up. He can't hardly walk any more. He said t'other day he's going to have to quit farmin' cause he kaint stan' so much walkin'. Our boy Jo tells him to git him some ridin' tools and then you know we've been readin' a lot about this hear Power Farmin', you no our boy Jo he has a lot of them Power farmin' tools and you-all ought-a-no about that. Haint you-all got a lot of them tools?" "Yes, indeed, and it is surprising to see how much more you can accomplish by having them. For instance,— "For who?" "For instance, I say, I will give you an idea." "No you need not bother about that—I don't keer about carryin' it home." "But you don't understand me. I want to tell you about all the different things we can do with this late equipment."

"First, we have a tractor." "You don't mean one uv them grate big elifant kind that mashes the ground an packs it down as hard as hit wuz fore you plowed it up?" "No, No. We have a real one. It does not pack the ground and it is so short that you can turn it around on less space than you can a team and wagon." "You don't say so? What kind is it?" "THE ONLY KIND, THE FORDSON." "Y—Y—Y—That is the same kind that our boy Jo and George was talkin' about. Jo you no has vun of them and he can't git done tellin' George about what he can do with it. Now I want to ax ye, does your man hitch that Fordson Tractor onto plows, discs, harrows, pulverizers, rollers, drills, binders, corn harvesters, mowers, hay rakes, hay balers, corn planters, silage cutters, manure spreaders, feed grinders, corn shellers, threshing machines, and does he hitch two or three loads of wheat on behind it to take to the ele-va-ter?" "Yes, he does all that and more. He has a pulley and by means of a belt, he pumps water, runs the cream separator, the churn, the wood saw, and then he grades and drags the roads." "And is that the reason the roads between hear and town are alius so good?" "Just so, and if you and your husband decide to get one you will never regret it." "I bleeve you rite, and I'll go rite home and tell George that what Jo and them Ford fellers have been tellin' us is the honest truth. You see, George and me that our little farm wuz tu small for a Tractor. You know we've only got a hundred and won akers." "Well, there is where you miss it. Our farm is less than yours. We only have seventy six acres and with farm help being so scarce we can do al-most all our own work. Our boys are getting at an age that they want up-to-date equipment and we know that if we want to keep them with us that we must have and use Motive Power Farm Tools, and the Fordson Tractor and all the tools that go with it is the best."

THE Marmon does not have to rely on fancy-worded claims for its appeal. It can point to actualities in performance. In recent tests for acceleration the new series Marmon accelerated from 10 to 50 miles per hour in high gear in 15.8 seconds. These tests were made with a standard seven passenger Marmon, the car being fully equipped for the road, with top and windshield up, with spare wheel and tire, and with tire, gas, oil and water compartments filled—gear ratio 4 to 1. The car carried a driver and an official observer from the Class oJournal Company, publishers of automobile trade papers.

Let us tell you of other interesting performance tests that were made. Or, better still, let us show you the abilities of the new series Marmon in an actual demonstration.

## LIVESTOCK MEN TO MEET AT CAPITAL

Strong Program Prepared for Annual Convention This Week—All Branches of the Industry to Be Considered.

The annual meeting of the Illinois Livestock association will be held at the Leland hotel, Springfield, Thursday and Friday of this week. A number of Morgan county men who are interested in livestock will attend the sessions. F. E. Drury will lead the discussion on one of the subjects presented at the swine breeders' meeting. The livestock association includes as subsidiary organizations: the Swine Breeders, the Cattle Feeders, the Sheep Breeders and the Horse Breeders.

It is interesting to note in this connection that the action of the Illinois Agricultural association, a definite and liberal amount has been set aside for the development of the livestock industry in this state during the year. Sixty three thousand dollars is the amount of this special fund. The committee has begun its work well by securing Prof. Mumford as the head of the department.

Prof. Mumford has been associated with the livestock work of the state university and is without doubt one of the leading authorities of the U. S. His salary, it is said, as head of the

new department will be \$15,000 a year.

The general program for the two days will be as follows: Cattle Feeders' Meeting, Ed. P. Hall, President, H. P. Rusk, Secretary, Thursday, Feb. 26, 10 A. M. Some Problems of the Corn Belt Cattle Feeder—Prof. F. C. King, Purdue University, Lafayette, Ind. The Marketing of Cattle—Mr. Kay Wood, Chicago. Professor Mumford. The Influence of Cattle Feeding Operations on Systems of Farming in DeKalb Co.—W. C. Eckhart, County Agent, DeKalb Co. Finishing Cattle in the Corn Belt—W. E. Rigel, Tolono, Ill.

## SHOW CLIENTS THAT RISKS ARE GREATER

Fire Underwriters Declare Property Owners Need More Protection.

The fire underwriters of Jacksonville are using a half page advertisement elsewhere in this issue to call the attention of their clients to the fact that at the present time nearly all properties are under-insured. While the insurance of more importance would mean more business for the agencies, certainly additional protection is the sensible thing when the higher prices of all commodities are considered. In fact, the underwriters are doing a bit of good work in thus impressing upon the people the risks that they are running in failing to increase the amount of insurance coverage. Properties which are now worth much more than was the case a year or two since.

A Chicago agency in discussing this subject with its clients wrote as follows:

"Is your property insured on the basis of the present high prices? Due to constantly advancing costs of labor and material, your home, your building, your machinery, your fixtures, your merchandise, your household articles and personal effects have increased in value.

"In case of loss all insurance companies will pay the actual cash value at the time when the loss happens—in other words, the existing market value of the property. If you will properly insure it, Adequate insurance, therefore, is necessary and we urgently recommend that you review your insurance with care as to the present-day value of your property and protect yourself accordingly."

## Matrimonial

**Theivaght-Spires**  
Henry Theivaght of Virginia and Miss Beacie Spires of this city were united in marriage at 4 o'clock Tuesday afternoon by the Rev. Myron L. Pontius at Central Christian church parsonage. The bride is the daughter of Mr. and Mrs. George M. Spires and has always made her home in this city. Recently she has been employed at the central office of the Illinois Telephone company and is highly regarded by her employers and associates. She is a member of Central Christian church and a young woman whose charm of manner has won for her many friends.

The groom is a member of one of Cass county's prominent families. He is a farmer by occupation and highly esteemed in his home community.

After a brief wedding trip they will reside on a farm north of Virginia.

**Ferreira-Lyle**  
Irvin E. Ferreira of Kansas City, Kansas and Miss Loretta Lyle of Siloam were united in marriage at 8 o'clock Tuesday evening. The ceremony was said at the home of the groom's uncle, Robert M. Ferreira, 300 East Lafayette avenue by the Rev. D. V. Goudy, pastor of Centenary church. Only immediate relatives of the contracting parties were present.

Following the ceremony the couple received the hearty congratulations of the assembled company and light refreshments were served.

The bride is the daughter of Mr. and Mrs. Samuel Lyle of Siloam. For some time she has been employed in this city. She is a young woman of much personal charm and has won many friends during her residence here.

The groom is the son of Mr. and Mrs. John E. Ferreira of Kansas City, Kansas and formerly resided in this city. He is employed by his uncle and is a young man who has the high regard of all who know him.

The couple will make their home in this city and will begin housekeeping at once on East College street.

## DISCUSSED BASIS FOR FIRE RISKS

Insurance Men Meet at Luncheon Tuesday Evening—Inspection Bureau Men Here.

Members of the local board of fire underwriters together with a number of citizens, met Tuesday night at the Peacock inn for supper and to listen to a discussion of insurance subjects. Charles L. Ward, president of the board, presided and the principal talks were made by F. H. Jones of Chicago, publisher of estimates of the Illinois Inspection Bureau, and C. R. Jones of Springfield, an inspector for the bureau.

In the discussion which followed, Mayor E. E. Crabtree, A. T. Capps and Dr. E. F. Baker, together with a number of the insurance men spoke.

The Chicago visitor made an interesting explanation of the system of making estimates, outlining the careful manner in which the bureau proceeds in this work and indicating the various matters which must be taken into consideration. The public does not have a very clear idea of the complexity of the system followed out in the handling of insurance risks. Such a system is necessary for the protection of the insured to make certain that the business is on a substantial foundation.

There naturally was some discussion relative to rates in Jacksonville, the city now being in class 4. It was explained that a change could be made to another classification if the various suggestions made by the inspection bureau and transmitted to the city council some months ago could be followed out. As this would involve a very considerable expense it is not likely that anything can be done toward its accomplishment in the immediate future. Such a change would mean a saving of about 5 per cent in insurance rates.

Practically all of the local insurance men were present and the conference was of a very informing kind and at the same time a very pleasant social event.

## SPETH PROPERTY PURCHASED BY I. W. C.

Former Owner Will Occupy It for a Number of Months—Buckthorpe Brothers Add to East State Street Holdings.

A deed was placed on record yesterday showing that Illinois Woman's College has purchased from Otto Speth his residence property on East State street, for many years the home of the late Dr. V. Black. The College now owns a large number of properties located on streets adjacent to the main college buildings.

Mr. Speth purchased the property several years ago and since that time has made some extensive improvements. He plans to move to a smaller house but for some months will remain in the property he has transferred to the college.

Another important real estate transfer was that of F. J. Romminger to R. R. Buckthorpe and T. H. Buckthorpe of the building at the southwest corner of East and East State streets. Mention was made several weeks ago of a contract having been made for this property. It includes two stories, rooms, one occupied by J. Shanahan and the other by the Armstrong Drug store. This purchase gives the Buckthorpe brothers a wide strip of ground extending from East State street to East Morgan street.

**URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY**

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

**Says: Inflamed Nostrils Invite Influenza**

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

## REPUBLICANS SHOW PARTY CONFIDENCE

DISTRICT CONFERENCE HELD HERE TUESDAY.

Strong Resolutions in Support of Lowden as Presidential Nominee—Messrs. Andrew Russell and J. W. Becker Endorsed as Delegates to National Convention.

The enthusiasm which marks Republican affairs these days characterized the conference of county chairmen held here Tuesday. Representatives were present from all of the ten counties in the congressional district except Brown and Scott. In addition to the county chairmen there were many active men present. There was an informal conference at the Dunlap hotel during the morning hours and at 2:30 in the afternoon a meeting was held in the court house, with S. E. Simpson of Carrollton presiding.

E. E. Nicholson of Beardstown was chosen secretary.

The conference endorsed Andrew Russell of this city, J. W. Becker of Jerseyville as delegates to the national Republican convention, and E. E. Caldwell of Ha-

## RUBBER

If there's any "story" of quality we can tell it best

The story of quality is interesting to all who purchase. Quality is no more important in any other thing in the world than in rubber. Rubber qualities can be weakened or adulterated or "mixed" as well as can drug qualities or anything else. Quality counts for a great deal in rubber because if you do not get quality you do not get the best wear. The uses of a piece of rubber are vital enough so that quality is essential because you cannot afford to have it split, tear or break by accident.

Some Things Needed Now and Which We Have

Hot water bottles, fountain syringes, bulb syringes, tubes, rubber gloves, nipples, rubber brushes, atomizer bulbs and ice caps, to say nothing of the more seldom called for, but none the less essential, enema tubes, irrigators, breast pumps and surgical needs. We have all these things of rubber. We have all of them in the best of qualities. Economy is illustrated in the initial cost and the long time these goods will wear. Our say-so should be enough to warrant your purchases here but our guarantee is better. We guarantee every piece of rubber we sell.

## Candidates Speak

The speaker suggested that as 60 years Lincoln had come out of Springfield to lead his country to a place of safety, so he believed that another pilot is about to emerge and that Frank Lowden will go to Washington to give the U. S. its needed business administration.

Mr. Shaw spoke somewhat briefly laying special emphasis upon the fact that he is by no means a passive candidate for congressional honors but expects to make an active canvass. George E. Keyes, who will seek the nomination of state treasurer, declares that the day of Democratic majorities is gone and that with a little work it is possible to show a Republican majority in almost every locality.

J. W. Becker of Jerseyville spoke enthusiastically of the prospect for Republican success and State Auditor Andrew Russell spoke in like vein. Mr. Russell said that he firmly believed that Gov. Lowden will be the next president of the U. S. He said that the high class business administration that the governor has given this state demanded approval and that the same kind of principles should be applied to the national government.

George L. Tipton, who will again seek the nomination for appellate clerk, declared that the prospects for Republican success were never better.

Some other speeches were made and together it was an old-fashioned Republican love feast with a fine spirit of harmony prevailing.

The resolutions adopted by the conference were as follows:

**Resolutions Adopted.**  
The Republicans of the 20th congressional district of Illinois, in conference assembled, express their highest appreciation of the administration of Hon. Frank O. Lowden as governor of the state of Illinois. His honesty and integrity and his attitude on all public questions, his constructive statesmanship, his wise and economical administration of the affairs of the state, his whole-souled patriotism and Americanism, express confidence and commend him as a leader in both state and nation.

Resolved, that we most enthusiastically endorse the administration of Governor Lowden.

Resolved, that the new leadership demanded by the times is found in Gov. Frank O. Lowden; that it is with great pride that Illinois presents his name for the presidency of the United States.

Resolved, that the Republicans of the 20th congressional district pledge their undivided support and will employ all honorable means to bring about his nomination and election.

Further be it resolved by this conference that we recommend for delegates to the national convention Andrew Russell of Morgan county; J. W. Becker of Jersey county; and for alternates, E. E. Caldwell, Mason county; Harry E. Beekman, Menard county. We further recommend that the secretary of this meeting furnish a copy of these resolutions to all the Republican papers in this district.

**The Chairman's Statement.**  
Chairman Simpson in his opening remarks called attention to some matters of special interest to Republicans at this time. He said in part:

The papers a few days ago contained quite a list of Republican candidates for national delegates and alternate delegates that had filed their nomination papers with the secretary of state, L. L. Emmerson.

Many of the candidates expressed themselves as unpledged or having no preference for president of the United States.

There will be two delegates and two alternate delegates to be elected from this district at the primaries to be held April 12.

I believe those of you who are present today will agree with me when I say the Republicans of the 20th congressional district comprising the 10 counties, have a choice for president.

And will not support any delegates or alternate delegates to the Republican national convention that do not pledge to support Gov. Frank O. Lowden, for president of the United States.

These delegates and alternate delegates should be Republicans in whom you have implicit confidence, well known in the district, in the state, and competent to present the successful business administration of Gov. Lowden to the national delegates of other states.

I desire to call your attention at this time to the importance of electing precinct and ward committeemen at the primaries April 12. Nomination papers must be filed with your county clerk not later than March 4, as that is the last day they will be accepted. The nomination papers do not require more than 25 names, nor less than 10, the signers must reside in the precinct or ward.

No Republican should accept, or be elected committeemen, who is not willing to get busy for his party. This political business is a big business, and every Republican should be interested, and the activity of your Chairman secretary precinct committee is what counts. Give me a good, active county chairman and I will assure you of Republican success.

The county convention is composed of your county committee and they select delegates and alternate delegates to the state and congressional convention. The congressional committee consists of the chairman and secretaries of the county central committee composing the district. The member of the state central committee is elected by the congressional convention. I believe the voters in the 20th congressional district are ready to redeem the district from Democratic rule.

The New York Republicans have their eyes on Illinois' candidate for president—now why don't you make this statement? At the New York state Republican con-

vention held last week Elihu Root (President Roosevelt's former secretary of state, and pronounced by him the greatest living statesman of the day, was chairman of the convention delivered the key note speech. In which he said "To bring about a reform in the expenditures of government funds you must first establish an effective budget system."

Every state in the union is demanding a business man for president. We have in Gov. Lowden a man that has given us successful administration with the budget system. The national Republican convention will convene in Chicago June 8, and the national delegates will nominate the man who will be elected the next president of the United States, he will be a man of successful executive ability and our Republican standard under this new emancipator, the new Abraham Lincoln of today, will hail from Illinois, our governor, Frank O. Lowden.

**FRANK RATAICHAK BECOMES BENEDICT**

Well Known Citizen Weds Miss Wilhelmina Northrup—Ceremony Was Said Tuesday Evening.

Frank Rataichak, one of Jacksonville's best known citizens joined the ranks of the benedicts Tuesday evening when he was united in marriage to Miss Wilhelmina Northrup of this city.

The couple went to the home of Dr. Myron L. Pontius, pastor of Central Christian church Tuesday evening where the ceremony was said at 8 o'clock. They were unattended.

The groom is the son of the late A. Rataichak, who erected the Pacific hotel. For many years Mr. Rataichak was associated with his father in the management of the hotel and after his father's death with his brother, C. J. Rataichak and sister, Miss Lizzie Rataichak. Some years ago they leased the property and since then he has not been actively engaged in business.

Mrs. Rataichak is a resident of this city where she has made her home for some time with her mother. She is a woman who has many friends in the city who will unite in wishing her much happiness.

Following the ceremony Mr. and Mrs. Rataichak left for Chicago and Milwaukee for a brief wedding trip after which they will make their home in this city.

## PAWNEE DEFEATS FRANKLIN INDEES

Visitors Take Game from Home Team by Score of 35 to 29—Game Was Fast and Clean.

Franklin, Feb. 24.—Pawnee's independent basketball five defeated the Franklin Indies in Marquette hall tonight by a score of 35 to 29.

The game was fast and clean and the best of feeling prevailed between the opposing players. Some time ago Franklin defeated Pawnee on the Pawnee court and tonight Pawnee evened the score.

This was the last game Franklin has scheduled at home. They have a number of games away from home but are ready to take on any independent team in this section.

Wright, center of the Pawnee team, was the star of the evening. Wright made seven field goals. In addition to this he also played the floor well. Every man on the Pawnee team broke into the scoring column and the team was a well balanced one.

For Franklin W. Teaney, N. Seymour, Burnett and H. Teaney scored the points. Harmon who is playing his first of basketball at guard for Franklin played an excellent game on defense. The score:

Pawnee	F.G.	F.T.	Tis.
Register, f	2	1	5
Rape, f	4	0	8
Wright, c	7	0	14
Palmer, g	1	0	2

### FRANKLIN WOMAN DIES IN WASHINGTON

Miss Madge Gillon Passes Away in National Capitol—Burnett, Teamy Wedding Today—News Notes.

Franklin, Feb. 24.—Word was received here today of the death of Miss Madge Gillon a former resident which occurred in Washington, D. C. Saturday.

Miss Gillon had an attack of influenza and a mastoid abscess developed making an operation necessary and she was unable to withstand the resultant shock.

Deceased was the daughter of W. D. Gillon and was born in Kentucky 12 years ago. The family came to Franklin about ten years ago to reside. Two years ago she went to Washington, where she has since been employed in the War Risk Bureau.

Miss Gillon was a member of the Baptist church and was a woman who had many friends in this place. She is survived by her father and two brothers, Leo Gillon of Sioux Falls, South Dakota and Virgil Gillon of California.

The remains arrived here tonight from Washington. Funeral services will be held from the Baptist church Thursday afternoon at 2 o'clock with burial in Franklin cemetery.

**Homemakers Meet.**  
The homemakers circle met this afternoon with Mrs. Charles McLamar. There was a large attendance of members and an interesting program was carried out.

Roll call was responded to with school lunches. Miss Dorothies Sargent and Miss Ruth McLamar gave a piano duet. Mrs. Darley read a paper on Uncle Sam's folks, the Filipinos. An interesting paper on the life of Washington was given by Mrs. George Schaaf. This was followed by current events and another piano duet by Miss Sargent and Miss McLamar. A social hour followed and the hostess served dainty refreshments.

The High school is working on a play, "The Old Oaken Bucket," which will be given soon.

"Down in Dixie" is being rehearsed by the young people of Sacred Heart parish and will be presented in Marquette hall on St. Patrick's day.

Will Wed Today.

Orville Burnett and Miss Lora Teaney will be married at 12:30 o'clock this afternoon at the home of the bride.

### Y. W. C. A. WORKERS MET TUESDAY NIGHT

Enthusiastic Meeting Held in David Prince Auditorium—Speakers told of Work in other Cities—Ask for Survey of Jacksonville.

An enthusiastic crowd of women met in the auditoriums of the David Prince building last evening to learn more about the Y. W. C. A.

The meeting began with a "sing" of War songs and the Y. W. C. A. song "Over Here." This was led by Mena Ramsey and Verna Neff.

The founding and growth of the Y in Rock Island, was explained by Mrs. Frank Marshall, who is a secretary stationed there. The Y. M. C. A. there is established in an old saloon which was easily converted into a cafeteria.

Miss Clara S. Roe, defined the Y. W. C. A. as "Christian Fellowship of Girls," girls from every station in life and from every country.

She outlined the growth of the Y from the cities to the colleges and the present movement to the towns. That the problems of today would be solved by the towns, because there is to be found a cross section of life, which is lacking in cities and in the country was brought out very clearly by the speaker. She went on to say that towns have personalities and it was the duty of the Y. W. C. A. to adjust itself to them, to grow out of the community and not on it. It should be because it is a democratic community service.

Miss Roe suggested a Town Association for Jacksonville and explained the method of organization.

When she had finished speaking a motion to ask the Central Field Association to make a survey of Jacksonville to determine the advisability of organizing a town association was passed. This is the first step in the organizing of a Y. W. C. A. in Jacksonville.

ST. LOUIS MUSICIAN  
BURIED IN WHITE HALL

William R. Maddern Remains  
Buried in White Hall Cemetery  
—Tax Collecting Begins—  
Other News Notes.

White Hall, Feb. 24.—The remains of William R. Maddern, a prominent musician, were brought from St. Louis, Monday and interred in the White Hall cemetery with a short service at the grave. A son is buried here. Mr. Maddern died Friday at the family home, 3936 DeTonty street, St. Louis, after an illness that had incapacitated him for about four years. His first illness occurred while on a tour with the orchestra of "The Birth of a Nation," from which he recovered sufficiently to resume orchestral work in St. Louis theatres and composing until the fatal stroke rendered him helpless. He was 52 years of age. His wife was

formerly Miss Nita Higbee, daughter of the late Dr. E. H. Higbee of Roodhouse, the Higbees constituting an old White Hall family. Two sons, Donald and James Maddern, survive, and there is one grand child, the latter being a great, great grand daughter of Mrs. Sarah A. Higbee of White Hall who will celebrate her ninety-seventh birthday anniversary March 19th next. Mrs. E. H. Cox, who is here from Farmer City, is assisting in arrangements for this notable birthday event.

**Tax Collecting Commences.**  
Lee C. Vinyard began collecting the taxes for White Hall township Saturday, collections having begun all over Greene county. Mr. Vinyard has a fraction more than \$107,500 in total, and the first year he took in \$2,000. The higher rate causes almost universal dissatisfaction on account of the valuation being fixed at one-half instead of one-third, and added to this is the community high school tax, which was levied at a maximum on account of no provisions having been made for a bond issue at the time the levy was made at 66c on the \$100. Mr. Vinyard has his office in the city hall. The collections of a large section of Wrights township are annually made at White Hall also.

Lurton Tucker, Clinton and Clifford Tucker, and Joe Shoemaker of Borden moved the former's stock to his farm at Greenfield Monday. They expect to pack their household goods Wednesday and move to their new home the last of the week.

Ernest Long and family spent Sunday with his parents, Mr. and Mrs. William Long of Manchester. Warren Fanning and Ernest Henry helped Will White butcher Tuesday.

Mrs. William Wiswell of Greenfield has been at the home of her daughter, Mrs. Lurton Tucker for the last three weeks, caring for them while they had the flu and helping them get ready to move.

114 EGGS A DAY NOW  
INSTEAD OF 25 A DAY

That Means About \$105 Extra Income Per Month for Mrs. Ropp.

"I have 200 hens, including late pullets not old enough to lay, and had been getting 25 to 30 eggs a day. Then I tried Don Sung in the feed, and am now getting 107 to 114 eggs a day." —Mrs. Essie B. Ropp, R. E. 2, Littleton, Ind.

Mrs. Ropp got this increase of 7 dozen a day in the middle of winter. At 60 cents a dozen, 30 days a month, this makes \$105 extra income a month. The Don Sung for her 200 hens cost her about \$2.50 per month. You can see how well it paid her, and we'll guarantee it will pay you.

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, tell us and your money will be promptly refunded. Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It easily gives the feed, improves the health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug, gift or poultry remedy dealer or send 50 cents for a package by mail prepaid to Burrell-Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

## JOYFUL EATING

Unless your food is digested without the aftermath of painful acidity, the joy is taken out of both eating and living.

## KI-MOIDS

are wonderful in their help to the stomach troubled with over-acidity. Pleasant to take—relief prompt and definite.

MADE BY SCOTT & BOWNE  
MAKERS OF SCOTT'S EMULSION

What causes  
Indigestion

An excess of acid in the stomach sours the food and starts fermentation. Distressing gases form. Your meals don't digest but lay like lumps of lead. Then you have heartburn, flatulence, fullness, belching, headache, and real misery in the stomach and intestines.

A few tablets of "Pape's Diapepsin" bring relief almost as soon as they reach the stomach. "Pape's Diapepsin" costs little at drug stores.—Adv.

AND why not?

In the superior quality of the tobaccos they contain, Chesterfields set a standard only equalled by the most expensive cigarettes.

No mistake about it, Chesterfields are the real thing—genuine Turkish tobacco, blended by a new and exclusive process with the very finest of mellow-aged Domestic leaf.

Hidden taste-delights—and a flavor you have never found in any other cigarette are brought out by this secret blend.

And the moisture-proof wrapping keeps them firm and fresh always.

### A grade for each type of motor

**Give Me a Quart of Oil Invites Power Loss**

Maximum power is more than a matter of mechanical adjustment.

If the fuel charge escapes down past the piston rings during the compression stroke of your engine, power goes to waste. If on the power stroke, the force of the expanding gases escapes past the piston rings, power again goes to waste. The power loss is felt most on heavy roads or on the hills.

Mobiloil has a grade of oil that will give your motor correct lubrication.

I can supply you with the correct grade for your automobile or tractor.

# WARNING

Insufficient Fire Insurance is going to cause bankruptcies, loss of income and loss of homes, through inability to rebuild with insurance money collected.

The adjustment and settlement of fire losses in this territory, especially during the past two years, show that with the majority there was not sufficient insurance carried.

The majority of merchants have increased their insurance on stock to take care of inventory values, but on Buildings,

Dwellings, Machinery, Fixtures and Household Furniture it has not been increased to the point that present conditions warrant. Ask your Builder, Machinery Man or Furniture Dealer what it would cost to replace your property today. Almost everything has increased in price except Fire Insurance rates, which have recently been reduced.

### WAR RISK INSURANCE

The United States Treasury Department has issued a new statement relative to Government Insurance based on the liberal provisions of the recent law passed by Congress in favor of ex-service men. This provides that soldiers, sailors, and marines, who have allowed their government life insurance to lapse, may re-instate at any time before July 1st, 1920, if the insured man can show that he is in as good health as at the date of last payment. This will give an opportunity to those men who have been out of service more than 18 months, who have not kept up their premiums, and to those whose payments have lapsed for over eleven months to renew their government insurance.

A previous statement giving the December 31st, 1919 as the last date for re-application is hereby cancelled. Home Service Sections of the American Red Cross have received full information from the Bureau of War Risk Insurance relating to re-instatement and conversion of insurance, with detailed instructions concerning the exchange of one form of policy for another at a lower rate of premium. The local office of the Red Cross is supplied with re-instatement and conversion-application blanks, printed instructions and lists of premium rates and the Home Service Secretary at Headquarters in the Library, will gladly give information and assistance to ex-service men and their families.
